

WHAT TO DO

1. Pour exactly one cup of water into each of the three cans.
2. Using a ruler, measure the depth of the water in each jar at the following times: 5 minutes, 15 minutes, 1 hour, 24 hours. Record the results on the chart.
3. Empty the glasses and repeat the activity over the second 24 hour period.
4. Empty the glasses and repeat the activity a third time over the next 24 hours. Record the results.

	CAN	WATER DEPTH			
		5 minutes	15 minutes	1 hour	24 hours
