

# WATER AT WORK

# WHOLE LANGUAGE CAREER EDUCATION

**Objective:** Students will identify the uses of water in the work place.

**Background Reference:** I

**Subject:** Social Studies

**Skills:** Categorizing, interviewing, research

**Materials:** Writing materials

**Procedure:** Class Activity:

1. List the many occupations that use water and how they need it.
2. Class discussion:
  - a. If you have no water, what happens to the buying and selling of things -- the town's economy?
  - b. What happens to government if there is a water shortage?
  - c. What are agricultural impacts?
3. Interview parents for water use at work and collect examples. Report to the class.
