

Submission Deadline:
January 27, 2020

Call for Abstract/Presentation Proposals 2020-21

Issued by

AEA Education and Conference Committee

Seeking

Proposals for presentations for AEA training programs, workshops, and conferences. Submissions are primarily used to create programs for the spring and fall conferences in Atlantic City but may be selected for other education activities such as the Environmental Professional Development Academy or special one-day and half-day workshops.

Abstracts are Being Sought From

Executive directors, CFOs, operators, operators, financial, accounting, management, human resources professionals, public officials, regulators, engineers, scientists, consultants, sales representatives, manufacturers, academics and others with expertise, knowledge and skills applicable to the management of water, wastewater and solid waste facilities in New Jersey. *Preference given to submissions from AEA member organizations.*

Audience

AEA conferences and workshops are attended by decision-makers (commissioners, executive directors and managers), staff, professionals, licensees, and service providers associated with local water/wastewater/solid waste utilities.

Topics

Those interested in presenting should complete Proposal Submission Form.

Our Education and Conference Committee has identified topics for which we are ***especially interested*** in receiving proposals. Submissions should consider the topic in a forward looking way. The proposals should emphasize techniques, approaches, likely trends, and developing solutions useful in coming five to ten years (and even beyond if applicable):

- Future outlook: Tariffs and construction costs
- Leadership / employee motivation/morale
- Community Relations / Public Education
- PFOS/PFOA, Plastics, and Emerging Contaminants
- Managing Staff Transitions and Change
- Protecting Utility from Cyber Threats
- Flooding, CSOs and SSOs OR Arsenic, Phosphorous and other Permit Limits
- Case studies relating to Barnegat Bay, the Delaware River, the Pinelands, the Passaic River, New York Harbor and the Hudson.

The following topics have been identified as areas of interest for which proposals may also be submitted:

Air emissions & permitting	Finance	Residuals & biosolids management
Authority management	Human resources	Reuse
Approaches in other states	Inflow & infiltration	Safety
Asset inventory	Instrumentation/computers	Sewer service areas/wastewater
Automation	Labor relations	Shared services
Biosolids	Legal matters	Small systems
Bonds	Managing risk	Statewide issues
Climate change impacts	NJPDES permitting	Solid waste
Collection systems	Nutrient removal	Sustainability
Condition assessment	Odor control	Water quality regulations
Cooperative purchasing	Outfalls	Water loss audits
Dissolution of authorities	Power generation	Water supply
Emerging technologies/apps	Privatization & PPPs	Water supply infrastructure
Energy/water nexus	Public agency management	Wet weather flows
EE/renewables	OPRA & transparency	
Ethics	Rates	
Fleet management	Recycling	

Submission Format

Those interested in presenting must complete a 2020-21 Proposal Submission Form available on AEA’s website www.aeanj.org. Please refer questions and send completed abstracts to Karen Burris at karen@aeanj.org and Lorna O’Hara at ohara@ppag.com and add “AEA 2020-21 Presentation Proposal” within subject line. Submission deadline is **January 27, 2020**. Selection of your submission is not guaranteed and is at the discretion of AEA. All submissions will be considered for the March and November 2020 conference.

AEA Education & Conference Committee Chair, Bill Gettings, wgettings@hazenandsawyer.com.
