

AEA SAFETY COMMITTEE

June 2024 NEWSLETTER

www.aeanj.org

June is National Safety Month.

This month highlights efforts that can prevent injuries and death inside and outside the workplace, helps provide learning opportunities for employees, allows employers to share their safety pride and gives employees the opportunity to pledge they will work safely! Here are some guides to assist you in a safe workplace:

[OSHA Injury Cost Calculator](#)

[Safety and Health Programs Step-by-Step Guide](#)

[Hazard Identification and Assessments](#)

[Job Hazard Analysis](#)

REMINDER!!!!!! 2023 Right to Know Surveys due July 15, 2024

[NJ Right to Know Filing Information](#)

[HOW TO READ A SAFETY DATA SHEET \(SDS\)](#)

DANGER IN THE LAB

What's the most dangerous place in your wastewater treatment plant? Headworks. Biosolids area. Electrical panels. Think again. It could be your laboratory. While one of the most regulated places within a wastewater treatment plant, the laboratory can be an accident waiting to happen! Are you compliant? Insure your employees are safe and equipped with the proper PPE!
